

## How Majestic

Written by P.Soeur, J.Seah

V1:

Maker of heaven and earth  
You light up the stars, made man from dust  
Your glory reflects beauty unseen  
No one can fathom the depth of your love

V2 :

You know each one of us by name  
Each hair on our head you put in place  
But why does a God so great  
Come down on earth to walk amongst us  
It's love  
How majestic is your name in all the earth

C:

Father whom heaven and earth adores  
Your name is lifted high  
As we glorify  
The one who breathed life in us  
Yet came down and took our place  
on the cross to change our fate, Lord

V3 :

Mountains and waters so deep  
Incredible landscapes you made all these  
Beautiful creatures and wonders  
Millions of stars, planets so amazing  
Lord, oh Lord  
How majestic is your name in all the Earth

B:

Shout with the heavenly hosts  
Join with one voice to sing  
Glory to our God most high  
He is good, He's alive
